

# Angel Flight Central Ground Support Team (*GST*)

To our Angel Flight Central Ground Support Team,

Today's mission had a unique and meaningful twist, as we were able to fly using another Pilatus PC-12 - generously donated for the day by a local businessman.

*We were credited with 2 AFC missions on this trip, landing us at 215 total missions so far.*

*Mission Date:  
May 19<sup>th</sup>, 2026.*

Our passengers wrote the following in our guest logbook:

*"26 years ago, a tired, worn, frayed old Eagle sought refuge and healing home to Jesus! (At the counsel of my Thrivent rep and my financial advisor, who was significantly older than me, I was encouraged to begin writing a "big dream plan," and everyone I met/go with professionally, spiritually, emotionally, every plane I flew in with Angel Flights from "the old me" to the man that God knew, perhaps took the giant alive, requiring me, but this future self is specifically comfortable and fast. Every year I got up a journal with a new pen & new cancer, because every tattoo I have in memory of "old me" I get my new tattoo in my soul, perhaps replacing me? Then one day, God not only healed the old me, but gave me dreams to fly, and instead of a requirement those untethered dreams, I found a fulfillment and joy. Glory! Every day for the past 365 miles, it's shown I continue to fly the dream untethered! Thank you!!"*
